

## EACS Newsletter - June 2022

### NEWS

#### **Participate in the WAVE in Ukraine online workshop**

Participate in the WAVE in Ukraine online Workshop on **15 & 16 June at 16.00-17:30 CEST**.

The war-induced displacement of thousands of men, women and children living with HIV has totally changed the situation in receiving countries (mainly Poland) and in Ukraine.

Our Ukrainian colleagues need more than ever a meeting to exchange experiences on managing HIV in women.

As the online workshop will be translated live into Ukrainian and English we invite you all to attend this unique discussion.

#### **EACS and ECDC organise informal webinars on the Monkeypox outbreak**

Since the Monkeypox outbreak in May, EACS and ECDC have organised weekly informal webinars to create a platform for European Stakeholders to share information and experiences.

The next session will take place on **21 June at 15:00-16:30 CEST**. Please contact the EACS Secretariat for more information: [info@eacosociety.org](mailto:info@eacosociety.org).

#### **EASL-ECDC symposium with EACS President Sanjay Bhagani**

Follow the EASL-ECDC symposium: "Developing 'standards of care' to strengthen country responses to the elimination of hepatitis in Europe" on **25 June 2022 08:00 - 09:30 BST**.

Responses to the elimination of hepatitis vary throughout the European region and inequalities exist in the care that people living with hepatitis receive. Ambitious goals and targets are formulated in global, European and national action plans/strategies. Actions are needed for European countries to ensure uniform coverage of comprehensive, integrated and people-centred prevention, diagnosis, treatment and care of viral hepatitis and comorbidities. European standards of care for people living with hepatitis may be a useful tool to improve, standardise and monitor the quality of hepatitis care in the European region. However, it is also complex to decide on a common set of auditable standards for a region with diverse national health systems, disease burden, and priorities.

#### **Interview with EACS member Agata Skrzat-Klapaczyńska about the YING Conference**

We interviewed EACS member Agata Skrzat-Klapaczyńska about being part of the EACS network and the Young Investigators (YING) and we discussed the upcoming YING conference on **1-2 July in Brussels**.

"I'm looking forward to seeing many passionate young investigators, full of

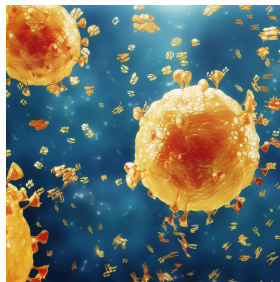

energy and ideas. Secondly, I expect many valuable workshops and plenary sessions. We will discuss, among other things, about HIV and COVID-19, YING research ideas across Europe, tops and flops, vaccination, and cures. Our audience will have a chance to be involved in the discussion during active workshops – all comments or ideas are welcome! The atmosphere of international friendship and young investigators' spirit is unique in this meeting"

## **YINGers Marta Vasylyev and Casper Rokx on the Lancet HIV Podcast**

On 31 May, EACS Young Investigators Marta Vasylyev and Casper Rokx appeared on the Lancet HIV Podcast "In Conversation with" to talk about their initiative to create a unified European support framework to sustain the HIV care cascade in the displaced populations of war-struck Ukraine.
